

# Paula Andrea Viviescas Jaimes

## About me

I am a Systems Engineering student actively seeking a software development internship. With strong knowledge in web development (HTML, CSS, JavaScript), Java, and Python, I am looking for an opportunity to apply my technical skills in innovative projects. I am characterized by my quick learning ability, teamwork, and commitment to technical excellence. My experience in academic projects and multilingual background allow me to efficiently adapt to diverse and dynamic environments.

## Skills

- Teamwork
- Critical Thinking and Problem Solving
- Adaptability and Fast Learning
- Effective Communication
- Organization and Time Management
- Attention to Detail

## Languages

**Spanish**

Native

**English**

B2

**French**

A2

## Education

**Universidad Autónoma de Bucaramanga**

Systems Engineering | Currently in eighth semester.

**Escuela Normal Superior de Piedecuesta**

Bachelor with emphasis in pedagogy | 2020

## Complementary studies

**Federico Garay (Udemy)**

Python | Currently studying

**Global mentoring (Udemy)**

Java | Currently studying

**Global Mentoring (Udemy)**

FrontEnd Web Developer (HTML, CSS y JavaScript) | Currently studying

**Alianza Francesa Bucaramanga**

French Course (A2) | Currently studying

**Universidad Industrial de Santander**

Language Course - English (B2) | 2020

**Servicio Nacional de Aprendizaje SENA**

Basic Electricity | 2018

---

## Competences

- HTML / CSS / JavaScript
- Python Programming
- MySQL
- Proficient in Office Tools (Word, Excel, PowerPoint)
- Java Programming
- Web Design
- Project Management

---

## Work experience

### Assistant pedagogy practitioner for first and third grade children

Escuela Normal Superior de Piedecuesta. | 2019 - 2020

Assisted first and third-grade students in various class activities, supported teachers in tasks such as distributing materials, ensured classroom order, supervised students during breaks, and provided explanations when needed.

### Private english teacher for children and teenagers

2023 - 2024

Created engaging lessons, enhanced literacy with a dynamic English program, and used diverse strategies for varied learning needs.

### Attractions Operator at Disney (Casta member) – Toy Story Mania, Hollywood Studios, Florida

Summer 2024

I worked for two and a half months in the attractions area at Disney, specifically at the Toy Story Mania ride in Hollywood Studios. My responsibilities included welcoming and guiding guests, providing them with information and answering their questions, organizing the waiting lines, operating the ride control consoles, supervising guest behavior, and maintaining the themed atmosphere of the attraction.

---

## Projects

### NexusLearn – Collaborative Learning Platform

Role: Developer

Technologies: HTML, CSS, JavaScript, PHP

Developed a collaborative academic learning platform offering four main services: a chatbot for academic questions, an academic forum for student interactions, a file repository for sharing resources, and virtual meeting rooms to support collaborative learning. Led the development of the forum feature, including discussion threads, posts, comments, and multimedia uploads (images and videos), ensuring a user-friendly interface.

### BillarApp – Billiard Services Management Website

Role: Developer

Technologies: HTML, CSS, JavaScript, PHP

Created a web platform to manage billiard services, allowing users to track games, monitor orders, and place virtual cafeteria orders. The platform enhanced the customer experience by automating processes and providing real-time service updates.
